Honorable Commissioner for Patents
Sir:

On Friday, January 21, 2006, the undersigned filed, by Express Mail, a complete response to the Office Action mailed on January 24, 2006. However, subsequent to that filing, two errors in those papers have been discovered. Accordingly, it is respectfully requested that the herein corrected information be duly noted in connection with the Examiner's review of the papers thus filed:

1. In the first paragraph on Page 1 of the Remarks, the reference to amended Claim 16 incorrectly transposes the two limitations mentioned. Actually, by the Amendment accompanying those Remarks, the reference is now to the *second* feature, *not* the *first* feature, to which reference was made in the *original* claim. That this was merely an inadvertent error can easily be seen from original and amended Claim 16, themselves, and from the discussion of this claim in the Remarks.

2. Also, in the Remarks, in reference to Claim 2 (near the top of Page 4), it should be noted that Claim 2 does not contain the limitations of *subparagraph 1.d.(5)*, as well as those of subparagraph 1.d.(6) of allowed claim 1 of Application Serial Number 10/384,471. This may easily be verified by comparison of the two claims in the papers filed. Use of the word "subparagraphs," i.e., *plural* might indicate that something was inadvertently omitted, which, indeed, it was, as now shown.

The undersigned regrets these errors, and hopes that no further errors appear in the papers filed.

It will be noted that the present facsimile is being sent within the three-month period for response.

Respectfully submitted.
